ANTON YEFANOV

REACT DEVELOPER

[Portfolio](#)

E X P E R I E N C E

React Developer (1 year)

Teamwork on a commercial project:

Participated in the creation of an online store from zero. Moved the existing architecture from jsx/redux to tsx/redux toolkit.

Used technologies: react-hooks, redux-toolkit, redux-thunk, rtk query, axios etc.

Frontend Developer (1.5 year)

Teamwork and Freelance:

Developed an adaptive mobile-first layout for 2 online stores and 3 admin panels with HTML5, CSS3, SCSS, LESS. Created a number of landing pages.

Integrated the layout of the online store into React components.

Optimized website operations: reduced CLS, increased accessibility, improved performance.
